

Hope Flynn Scholarship in Pursuit of Music

2020

This application is used for different music scholarships so not everything on this form is applicable. For instance, if a student is applying to go to camp, take music lessons or for the purchase of an instrument then we will NOT need the school transcripts, written essay.

The application must be fully completed and submitted on time to be considered.

Please note: In order to be eligible for the Hope Flynn Scholarship, you must be: 1. A member of First Presbyterian Church of Flint; 2. Accepted by a college as a full-time first year, undergrad or graduate student and/or toward music lessons, music camp, musical instrument.

For college scholarship, once all applications have been received, each applicant will be contacted by phone for an interview. Selection of the scholarship winner will be based on church activities, school activities, school transcripts, cover letter which includes goals, three letters of reference and a personal interview with the scholarship interview team. Financial need is not a consideration.
